At PD Motors we operate a clear service system, the table of the left shows exactly the items checked and carried out on our fixed schedule servicing. The service we carry out on your vehicle will be the service that is shown on your invoice. However if we have carried out a manufactures service on your vehicle then this will be listed as applicable, but the items checked are not the same as the items listed on the left. For more information and pricing then please fill in our online enquiry form.
